Our Outstanding Director

To you, Mr. Hawk, our admired and respected teacher,

We, the Senior Class, feel that you are truly the man to whom we want to dedicate the Penseman this year. After you were here at Pennington from 1947 through 1949, you traveled extensively throughout the United States. You were offered many excellent positions, but finally you decided to return to the school where your heart was - - Pennington.

When you returned to Pennington in 1952 you were unable to teach the subjects you enjoyed to the fullest, French and Latin, due to the fact that there were no openings; as a result you taught English. During the next two school years you received your wish to teach French and Latin, since the teachers who were teaching those subjects left Pennington.

In your five years at Pennington, Mr. Hawk, you certainly have demonstrated superior ability in your direction of dramatic productions. With your perseverance and determination, you, with the help of Mrs. Hawk, were able to instill in your actors courage, interest, peace of mind, and true acting ability.

This year you have become the Senior Class advisor and in doing so you have brought the class closer together by encouraging words and your helpful guidance in its activities.

you have brought the class closer together by your encouraging words and your helpful guidance in its activities.

By dedicating this 1955 Penseman to you, we sincerely hope you will realize the appreciation and high regard we hold for you, as a teacher who led us so superbly and as a loving friend.

Sincerely yours,
The Class of 1955

Headmaster's Message

To the Class of 1955:

Greetings! My heartiest congratulations on the successful completion of your secondary school studies. This has been an important achievement and should bring you a real sense of achievement. The foundations have been laid upon which you may build a great and successful life.

My associations with you have been a personal pleasure. To have worked along with you in learning how to live, to have helped in setting goals and standards of excellence has been a personal pleasure. None of us can remain the same for having passed this way together. Each of us has inscribed a bit of ourselves upon the other. As you look back on these days, may the memories be pleasant and grateful.

Now we have played our little part upon the stage of your life and you face the future to be influenced by others. May the faith, fortitude and fidelity you have achieved here transform the challenge of the coming days into opportunity that will bring success and happiness to you. You have become a part of The Pennington School, it is what it is because you were here; and the School is a part of you, for you can never be the same as you were before you came.

Your future will be of keep interest to all of us who carry on here. My sincere, best wishes to you and may God go with you.

Sincerely yours,

Ira S. Pinm

Senior Class

We the Senior Class of 1955 leave behind us a record Pennington can be proud of; yet we consider this small in comparison with what Pennington gave us--our treasured memories and the bonds of close friendship.

From the annals of this year you will find Morris Fabian the only student to complete his elementary and secondary schooling entirely here at Pennington. Bob Poore surely must have made his father, Harold Poore, our Coach, tremendously happy as he made us happy when he took the job of class president. He had a wonderful staff at his command: Frank Nikles, vice-president; Morris Fabian, secretary; and Jerry Callaghan, treasurer. Scholastically speaking we faired rather well; the majority of the students on the Honor Roll this year were seniors. Many of our Senior Class members participated in sports, leading us on to many victories. They certainly deserve an ovation, as Coach Poore can tell you. Our Senior Play, "Mouldy Mannor", required many of the boys to take the parts of girls, but we achieved success with the superb direction and supervision of Mr. and Mrs. Hawk. Yes, we were members in every society and participated in both the Ronal Oratorical and the Declamation Contest.

We have all grown a great deal physically, mentally, and morally in our seemingly short years at Pennington because of Dr. Pimm, Dr. Bunce, the faculty, and the staff. To them and all of those who have made Pennington possible, we give our sincere thanks.

Morris Fabian, Secretary; Gerald Callaghan, Treasurer; Robert Poore, President; Frank Nikles, Vice-president.

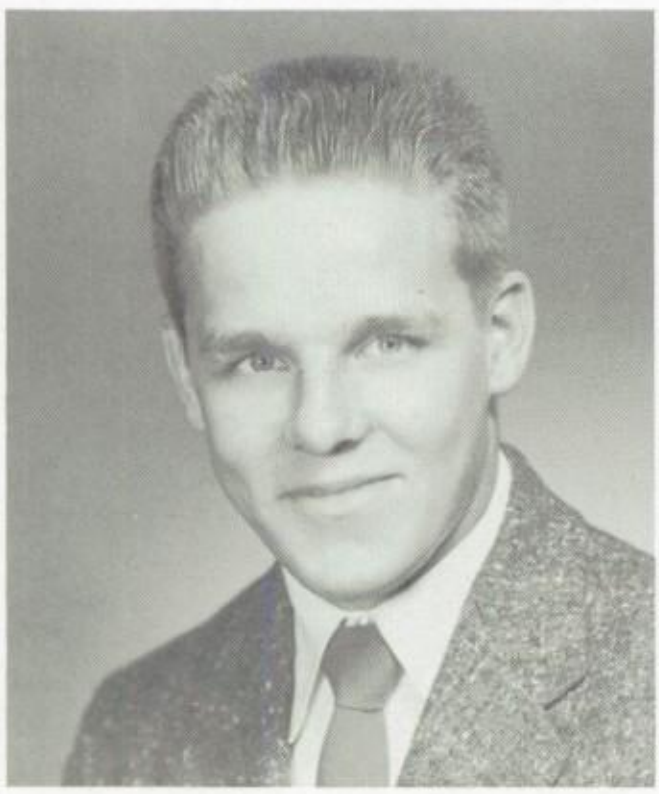
Good-luck to you in Citadel. We've had fun together in our classes this year. Hope to see you sometime in the near future,

Jimmy

JAMES V. BIGELOW
"Big"
Green Hall

This is Jim's first year at Pennington, and his likeable nature has won him many friends. He is a confirmed woman hater and his favorite expression is "Girls Hah!". He is proud of paying his dues on time and his favorite likes at Pennington are Coach Poore and Trigonometry class. Jim also has special talents for chicken butchering. He also played football, and was our conscientious basketball manager. He was always in evidence at all school functions. He plans to go to college next year and take up Mining Engineering. With his likeable nature "The Big" is sure to succeed. Football 4; Basketball Manager 4.

I hope you make more classes than we did in "Algebra II," this year. Well go down the "hill house" in a few minutes. Tommy



THOMAS KARL BLAIR
"Tommy"

Known to Penningtonians as "Tommy", Thomas Karl Blair is to be long remembered for his outstanding ability in sports. Tommy displayed laudable spirit and ability on the gridiron, putting his all into the game to lead the "Redmen" to victory. Who can forget those many touchdown passes? From that same sportmanship exemplified in the games, and from that winning smile and scintillating personality, we all know Tommy is sure to make his goal in life, whatever that goal may be. Football; Basketball; Baseball.

EMIL MICHAEL BOHUS
"Bo"

Bo, here at Pennington for the first time this year, comes from the U.S. Coast Guard. He has proved himself to be another member of "only the excellent" group. We were happy to hear that Bo had done a great amount of work in a boys club in Trenton. Those boys who were in his Bible class will remember him for his fine discussions with Mr. Kersey. Emil, we know, with his diligence and determination will succeed in his future life.

Good luck next year.
Bo.

RUSSELL BROCKWAY
"Russ"

Rus is noted for his interest in science and also for saying "Well now . . .". During his year and a half at Pennington, Russ has been a member of the choir and has learned to swim under Dr. Bunce's new program. He keeps busy taking pictures and making tape recordings of school events. Attending Technical School is Russell's ambition. He will be remembered for his scientific proclivity. Choir 4.

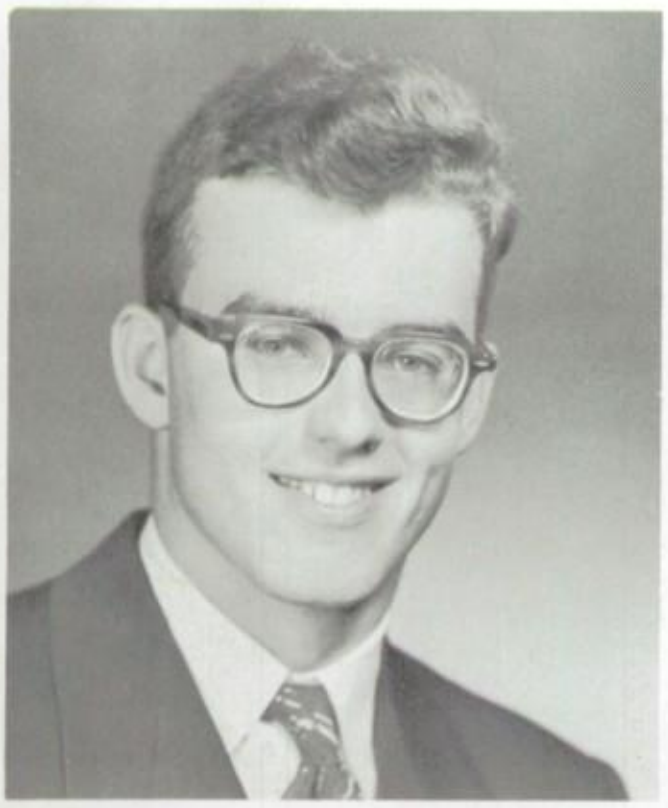
Wish you lack in future years Scully.
I'll miss you from Physics class as I think back
on it. Russell Brockway

Dave.
Lots of luck in the military School.
your friend
"Jack".

JOHN H. BRONNER, JR.
"Jack"

John, better known as "Jack" shall be remembered for his genuine sincerity. One had but to meet Jack in order to like him. While with us, he showed his aquatic abilities by becoming one of the greatest assets to the swimming team. He showed the same ability in the classroom. He is one who has a purpose in life, knows it, and is sure to accomplish it.

Dave,
To a swell guy
and a great fellow
Lindbergher. Lots
of luck in the
future years.
Gardiner

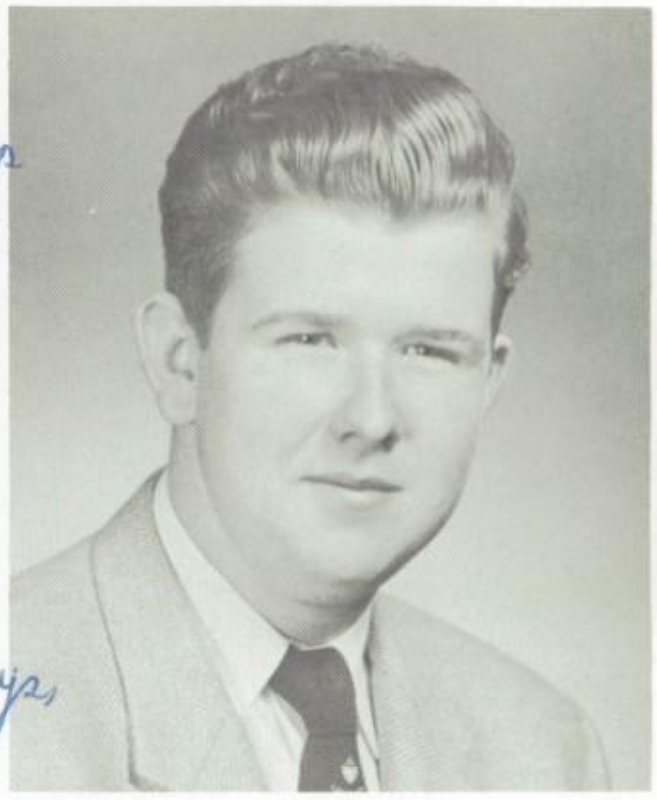


T. GARDINER BROWER
"Spuds"
Lindberg Hall

Spuds came to Pennington in September and took full advantage of his year here. He has fitted well into the pattern of the class, serving on the Senior dance committee and being a useful part of of the Wesley Club. Electrical Engineering is his chosen field and he will be attending Lehigh in the fall. Gardiner says he liked his class and faculty and he will also be remembered for saying "Oh S. . .ugar". Wesley Club 4; Penseman 4.

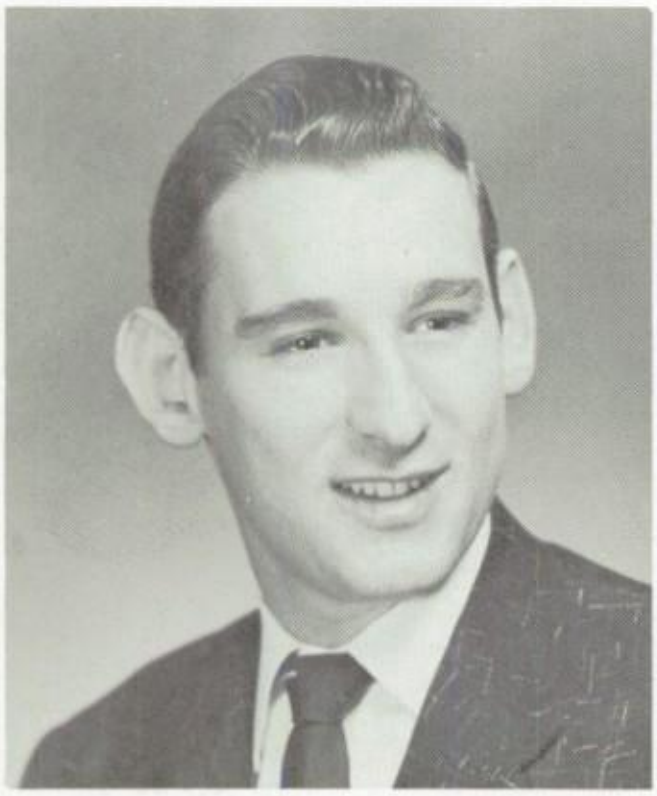
Good Luck, Dave, we had a lot of fun this year and I will take up that offer of coming down to see you, maybe, this summer.

Your friend always,
Jerry



GERALD M. CALLAGHAN
"Jerry"

As "Jerry" roars up in his "Hot V-8", up comes the most cheerful boy at school. Not many of us will forget Jerry's famous saying -- "Think you have a hot car there -- huh buddy?" In Jerry's four years at Pennington he has won many friends and lost none. When he leaves Pennington for college the memories of the fellow who always had a smile will be left. Good luck, Jerry, in all that you may do. Lowell Society 4; Penseman; Junior Play; Class Treasurer 3,4.



MARK COHEN
"Ears"
Green Hall

During his two year stay at Pennington, Mark has made himself well known to both faculty and students. His comments and antics are, for the most part, amusing and very well timed. The thing that most of us will remember about Mark is the tours of New York that he conducted on many weekends throughout the years. Mark's future plans include college but he isn't sure where he will attend. With his sense of humor and way of finding fun, we are sure he will be an asset to any college campus. His main claim to fame is his ability to keep a good scholastic record which is the result of his good study habits. His leadership qualities are proven by the fact that he was elected President of the Student Council. Barry did a fine job in helping to keep order in the Lodge. Dave,
I sincerely wish you success at the Citadel. You'll make a great military man! Seriously, the best of luck to you always yours.

JAMES UPTON CORTELYOU
"Cort"

"Cort" came to us three years ago from Princeton. "Dag-blume-it", stand when you say that. He was the fellow who always had the remark to make the class split their sides laughing, and he was also the fellow who made the social events around school a success. Barrie has definite viewpoints, and is willing to defend them. He is often seen playing chess and is noted for the large supply of food that is always to be found in his room. He also makes trips to Trenton, three times a week, to practice weight-lifting. Because of his determination, we are sure that Barrie will be a success. Agassiz Club 4.

MORRIS SAMUEL FABIAN
"Farmer" - "Mo"

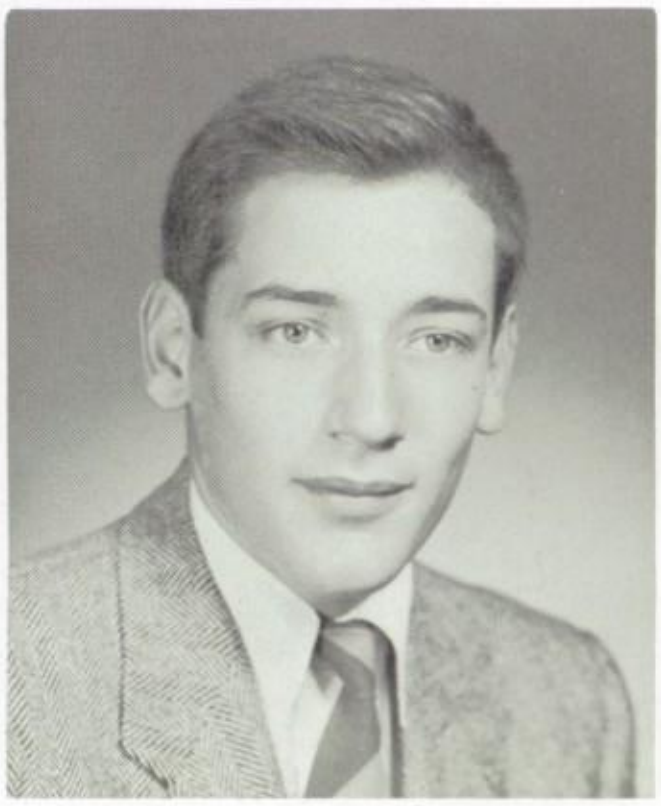
"Easy going Jack" is new this year. He distinguished himself on the gridiron as an outstanding member of Coach Poore's Red Raiders. The opposition soon learned that Jack wasn't the weak spot in our strong line. In the classroom Jack will be long remembered for his famous laugh, and when he wasn't laughing he was sure to be smiling. He plans to further his education next year at college, but is not sure where. Wherever he goes, we at Pennington are sure that he will go with a smile. Football 4; Baseball 4.



PATTON GILMOUR
"Pat"
Green Hall

Although Pat graduated from Swarthmore High School, he came to Pennington as a P.G. to expand his education. Pat has the natural knack of being able to sleep in class and also absorb the teaching. His grades, being constantly high, allow him to make the Honor Roll many times. Although he doesn't know where he plans to attend college, we feel that he will succeed in any endeavor he may undertake. Agassiz Club 4; Basketball 4; Penseman.

Lindbergh Hall

If Andy didn't sleep and eat, he would talk twenty-four hours a day. It is a triumph to get a word in edgewise when Andy is present. As a result of his natural ability, Andy is planning to enter announcing school for radio and television. Who knows, maybe we will be able to turn him off someday. In all seriousness, Andy is one of the personalities of the class, and has contributed much time and work to help it. Andy will be long remembered by us. Green Hall

Don has contributed much to Pennington during his two year stay. The Seniors elected him to the Student Council, which appointed him a student member of the Discipline Committee. Don has a likeable and quiet personality. To those who had the pleasure of knowing him, he has the knack of being able to "shake" you verbally. Don doesn't need any "Good Luck". We are sure that he will succeed without it. Junior Play; Senior Play; Agassiz Club 3,4; Student Council 4; Glee Club 3,4.

Dave,
Best wishes in the future years. I know with what you have to offer college and life will both be a success for you. Best of everything.

ROYCE E. KELLER
"Rolls"
Commercial Hall

Royce was one of those among us who had served with the United States Army in Korea. When Royce came to Pennington, he knew what he wanted and certainly is to be commended for his perseverance in attaining his goal. He was worried at times, wondering whether or not that goal would be reached. However, we at Pennington had no doubts, for such persistence is sure to win success. Royce plans to attend Carnegie Institute of Technology to study in some field of engineering. Our only wonder about him is, "How can he fail?" Oratorical Contest 4.

PAUL KELLY
"Kell"
Student Proctor-Lodge

This was Paul's first year at Pennington, but he seemed to fit in it as though he had been here many more. He has made numerous friends and is well liked by everyone. He plans to go to college next year, but is not sure where. We at Pennington wish him all the success in the world. Football 4; Basketball 4; Baseball 4.

He is willing to tell everybody gory stories about the "boys on the Hill". Jack received his nickname because of his unusual enunciation of words, and he has taken a lot of good-natured ribbing. He plans to go to college next year and then work in his father's furniture store. We are sure that Jack will get along well in the world because of his ready smile, and easy temperament. H. ARTHUR SMITH
"Herb"

For three years Herb has been commuting the two blocks which separate him from the campus. During this time he has found time to do many things for his classmates. He has played every sport except basketball and been a Lowell Society member for all three years. He served as treasurer and Vice President of this organization. Sports seem to have interested him greatly and many of us will remember long trips in what Art termed a car. J. V. Baseball 2,3; J. V. To Dave don't forget that blind date I landed you with Ann at St. Marys. It was great knowing you and maybe we'll run into each other at the shore. Good luck in the future at college and afterwards. Be good and take of yourself - Your friend Art

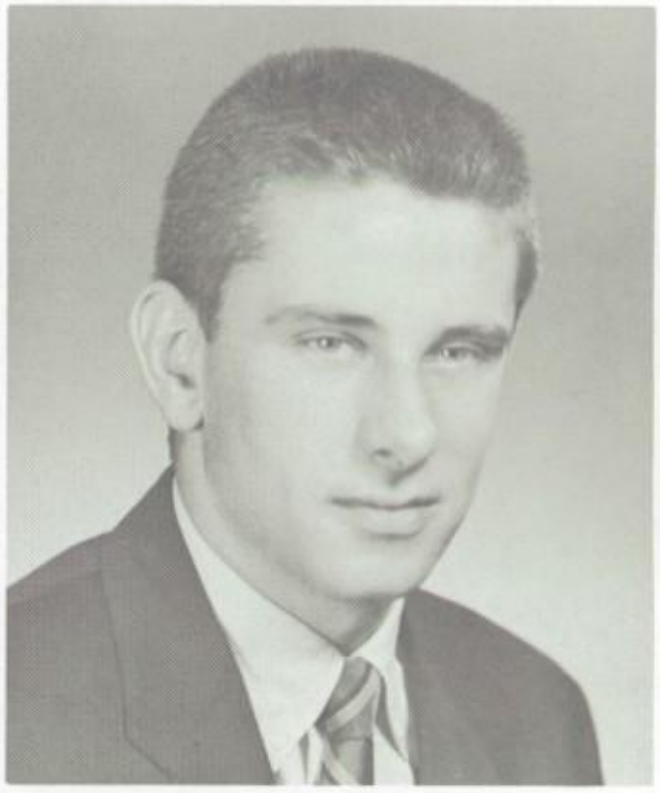
Best of luck to you when you go to college. Hope you succeed as you will. Best of luck always Dave

DAVID TALONE
"Little Dave"

Dave is one of the most outstanding members of the senior class, and has made a "Big" impression on everyone. His ready wit and amiable manner are a sure combination to make friends. Dave played on the line of the Red Raiders and we couldn't have done without him. He likes the individual help that the faculty of Pennington are always ready to provide. We are sure that Dave will make life a success. Football 4.



JAMES R. TEAMER
"Jim"
Lindbergh Hall

From the moment Jim entered, the students recognized his easy and likeable manner and made friends with him. A talent was shown when Jim played his trumpet at our concerts. His home is in Ocean Grove, N.J. and he often talks about his home town. He liked the individual help obtained in the class, another highlight that Pennington offers. Jim won't need any luck in Life; he is bound to make a success in whatever he attempts. Glee Club 3,4; Junior Play; Senior Play; Quartet; Agassiz Club 3,4.

JOHN C. VAN CLEVE
"Van"
Lindbergh Hall

Van has attended Pennington for both his Junior and Senior years of high school. He hails from "The Great Town of Princeton". The "Green Ford Beetle" he buzzes around corners in is a familiar sight to everyone at Pennington. Van can also be referred to "as an amateur clutch and transmission artist". There is a reputation behind Van's name for being able to take a joke with an attitude of complete indifference. An ardent photographer, Van has used his camera to great advantage, both commercially, and for the Penseman. Lowell Society 4; Penseman 4; Oratorical Contest 3.

JOSEPH TORESKO
"Jo"

The first day of school this year brought Jo to Pennington as a guard on the Red Raider Football Squad. He was tops all the way. Around the campus, Jo was known for his ready smile and good appearance. In the classroom he was an above average student. We are sorry that he spent so much time in the hospital; we are also sure that no hurdle is too big for him, and that he will make a great success out of life. Football 4.

CONRAD G. YOUNGBLIUT
"Youngbop"
Lindbergh Hall

Branded as a "Phily Bop" when he arrived here two years ago, Conrad cut off his "D.A." and bought a suit without a rolled collar and pegged pants. His knowledge of automobiles has made him a constructive and interesting source of information on this subject. He contends that he doesn't like girls, but he has female visitors constantly during the year. Scholastically Conrad is headed for the highest position in the class. His reasoning power in mathematics is envied by all his fellow students. He was never hesitant to help them in any way he could. There is no question that this red headed student will succeed in life. JAKE ZABELINSKI
"Jake"

One of the famous "Zabelinski Brothers", Jake has proven himself an all around boy. In the two years that Jake has been here, he has excelled on the soccer field. Jake has shown us his wonderful artistic abilities on the many posters he has created for different class functions. A model plane enthusiast, Jake can be seen carving or flying his models in his spare time. Jake also brags the largest record collection in school. We all regret to say good-bye to our Cuban friend. SAMUEL ZABELINSKI RABINOVICH
"Sam"
Goorley Hall

In his two years at Pennington, Sam has won the hearts of both students and faculty by his hard work in the classroom, and his ready smile. He comes to us from Havana Cuba, but one would never know it by listening to his excellent English. Sam is noted around the school for his weight lifting ability and he can be identified by his favorite saying, "Ay . . . Cono." Next year Sam plans to go to college somewhere in the United States, and take up Engineering. We at Pennington are positive he will succeed because of his senior work habits. Soccer 3; Lowell Society 4.

DAVID W. ZELLEY
"Zel"

David, known to us as "Zel," was one of the "Day Boys" among us. He hails from Trenton, New Jersey, from which he commuted while a student at Pennington. Zel always had a smile and a good word. He plans to attend Penn State, later to seek a vocation in Alaska or Canada. We'll remember his talk in English class, the one telling of his adventure on vacation in Canada and his tales of the "big fish up there," as he put it. In Canada, Alaska, or even in the Amazon, Zel is sure to win success through his love for "the great outdoors."

To a fine boy, you were a fine boy to have in my English class. a lot of "luck" in times to come.

Director

Senior Play

The class of 1955 presented a one act comedy, "The Mystery of Mouldy Manor", co-directed by Mr. and Mrs. Hawk. The plot revolved around an attractive, intelligent girl, Jennifer who was held in an old mansion by Aleric Carver, a psuedo surgeon. Katherine Morris, a wheel chair dowager, ruled over the house of murderers and terrorized Hulda, the swedish maid. Other characters in the play were: Roxana, a sultry blond with a pet cobra; Charles Wedgewood, the well-mannered pompus country gentleman and Mike Sherlock, the detective hero who saved imprisoned Jennifer. The cast read: Morris Fabian as Jennifer; Wilbert Richardson as Aleric; Barry Coleman as Mrs. Morris; Lyman O'Neill as Charles Wedgewood; Burton Longwell as Hulda; Conrad Youngbliut as Roxana; Dave Scull as Philbert; Bob Edwards as Grandmother Wedgewood's ghost and Andy Guthrie as Nick Sherlock. Let us not forget the boys backstage. It couldn't have been done without Mrs. Hawk's staff including Jim Teamer, Don Johnson, Conrad Youngbliut, Don Robbins, Burgess Hulett and Colin Smith. We are sorry that Jim Cortelyou sprained his ankle, but glad that Conrad Youngbliut, in one week, stepped into the part. Burton Longwell burned his hand in chemistry, but went on with his part before going home the day after the play.

We thank Mr. and Mrs. Hawk for their hard work and many hours of striving to make the play so successful. Also, a big hand to Mrs. Manifold for the marvelous job of make-up that she did.

The Class of 1956

L. to R.: R. Goodspeed Pres., W. Cottrel Vice-Pres., C. Sahner Sec., R. Parr, Treas.

A very profitable year was had by all the members of the Junior class. The officers were Bob Goodspeed, President; Walter Cottrell, Vice-President; Curt Sahner, Secretary; and Robert Parr, Treasurer. These boys, under the direction of Mr. Donahue, headed the class very well.

Those who were on the top of the list for honors when this went to press were: Warren Hendricks, Robert Goodspeed, Edward Fletcher, Thomas Bishop, William Hunter, and Gary DeMunnik. One of these scholars will surely be on the speaker's platform June 2, 1956 to deliver his Valedictorian speech.

On the playing field Thomas Bishop, Leon Angelikoussis, Robert Goodspeed, Rafael Pina, and Michael Bilt all played well and should make a good start for next year's teams.

We are sure that these boys can do a good job as the leaders for '56 at Pennington School.

The Class of 1957

G. Porchelli Pres., D. Qurios V.-Pres., D. Singleton Sec., B. Witt Treas.

Twenty members made up the Sophomore class this year. This group was well represented in all activities including Football, Basketball, Swimming, Glee Club, Choir, Westley Club, Agassiz Club, Lowell Society, and Chess Club. Fred Davis, Ronald Howell, George Porchelli, Dario Quiros, Christopher White, and Brewster Witt all attained high scholastic averages. George Porchelli was rated the best all-around boy and Dario Quiros, for his fine work on photography, was a definite asset to the school.

The class elected George Porchelli for their President; Dario Quiros, Vice-President; David Singleton, Secretary and Brewster Witt, Treasurer. Mr. Jenkin, their advisor, did a fine job of leadership.

Their play, "The Red Lamp", under the direction of Mr. Herman was well presented. The future class of 1957 deserves credit for all that they did for Pennington.

Best of luck to you in College.
I know you'll make out ok

The second largest class in the school, the Freshmen, is under the guidance of Mr. Montgomery. Gordon Prichard won top honors scholastically over Edgar Heston, Richard Harden, Eric VanWegen, and Craig Jurgensen. The headquarters of the class was split between Grade Hall and The Lodge. Many of the Freshmen sang in the Chapel Choir and played on their own basketball team.

Lesmes Ruiz represented the South American interest in the class. This well-rounded class had Paxton Wilder as President; Craig Jurgensen, Vice-President; Ted Heston, Secretary; and Fielding Tabb, Treasurer.

We wish the members of the class of 1958 the best in whatever they undertake.

Junior High

L. to R.: J. Kersey Pres., J. O'Neill Sec., E. Kaplan Vice-Pres.

All but one of the grade-school boys who board in Pennington live in The Lodge. This twelve-strong group adds much to the life at Pennington. Under the advisorship of Mrs. Williams, the class elected James Kersey as President; Edward Kaplan, Vice-President; Joseph O'Neill, Secretary; and Larry Carman, Treasurer. Even though they were the youngest boys on the campus, they conducted themselves like more mature students because this year the upperclassmen treated them as if they were older. Two of the boys, Francisco Villegas and Ivan Pina, are from South America.

Bruce Stuckel, Thomas Park, Joseph O'Neill, John Higham, and James Kersey excelled scholastically. We have great hopes for the Seniors of 1959.

The National Honor Society

This organization, known as The Tri-Steps chapter of the National Honor Society has been in existence for five years. Many years before it joined the National Honor Society, the Tri-Steps was the schools honor society. Even befor that it existed as the Gateways Society. It has been and will be a most progressive organization in the school.

To qualify for membership a student must live up to the society's four attributes: Leadership, Scholarship, Service, and Character. These are not hidden characteristics but those which the members and the faculty committee feel are displayed at all times by the candidates. This is one of the reasons that the students look forward eagerly to the annual inductions in hope that they may be selected.

At the beginning of the year, when Mr. Manifold, the faculty advisor took stock of things, he found the society with only one active member, Morris Fabian, who had been elected in his Sophomore year. At the end of the first semester when the inductions were made Burton Longwell, Wilbert Richardson, Conrad Youngbliut, and Barry Coleman became members. Burt has been at Pennington two years and made a fine record for himself and Barry has proved that hard work is worth while. While Morris Fabian has achieved a fine record, he has also shown his abilities in other activities. Will has also established a fine scholastic record and participated in some athletics. Conrad, who came last year, has distinguished himself in scholastics and is edging Will out for top honors in the Senior Class.

The Student Council

The Student Council is composed of student representatives from each class. Four members are elected from the Senior Class, three from the Junior Class, two from the Sophomore Class, one from the Freshman Class, and one from the Eighth Grade. The President is elected by the council itself from the Senior Class representation; whereas, the other officers are elected from the entire group. Officers for the year 1954-55 were as follows: Barry Coleman, President; Paul Kelly, Vice-President; Zane Gordy, Secretary-Treasurer. Advisor to the Council was Dr. Bunce, Dean of the school.

The "Council", as it is referred to by most Penningtonians, presents the opportunity for the students to offer their ideas for better management of certain school affairs just as it gives them a chance to express themselves in matters pertaining to the government of the student body.

During this year, the council succeeded in several projects, some of which were: the allowing of wearing coat type sweaters as well as sport coats; the playing of music in the dining room; the formation of rules, and their enforcement, for the recreation room; and the formation of a longer study period for the students.

The existence of the Student Council in Pennington School has proven the fact that, with such, there can be a better relationship between student body and administration.

Lowell Society

In 1923, Dr. Green organized a club devoted to literature and called it the Lowell Society in honor of James R. Lowell. Since that time it has become one of the most active clubs in the school. It has become the chief rival of the Agassiz Club and a traditional annual basketball game has been played between the clubs.

This year the Lowell Society has taken an active part in the life of the school. Officers were elected during the first meeting; Morris Fabian, President; H. Arthur Smith, Vice-President; Conrad Youngbliut, Secretary and Colin Smith, Treasurer. The Society took frequent trips to the Bucks County Theater during the fall and saw "Millicent's Castle", "Dial M for Murder", and "Murder without Crime"; also "Bus Stop", performed in Princeton. In the early part of the year, the club took a trip to Trenton to see "The Egyptian", a motion picture. For the remainder of the year the club plans many trips, including a Shakespearian play to be given at Princeton.

Largely because of the aid and inspiration of our advisor, Mr. Cragin, this has been a successful year. He has helped the club in carrying out its main objectives, the furthering of Literary understanding.

The Agassiz Club

This has been the Agassiz Club's twenty-fifth year as an organization in the school. We renewed our membership charter in The Science Clubs of America, with Mr. Kersey serving as our advisor. The election of officers was held in September and Jim Teamer was elected President; Burton Longwell, Vice-President; Wilbert Richardson, Executive Secretary; George Porchelli, Recording Secretary and Donald Johnson, Treasurer.

All members must maintain a scholastic average of eighty percent or better and have certain citizenship requirements to be eligible. Candidates must be voted on by the club members and membership is by invitation.

This year we enjoyed films supplied by various industries and shared many of them with the whole student body. At each meeting a member spoke on a particular phase of science which was his special interest. In March the club invited the Chemistry classes to join them on a tour of the world's largest chemical plant, Dupont Chambers Works in Pennsgrove, N. J. There we were conducted by bus over the whole plant and then through the Jackson Laboratories. Many other trips such as R. C. A. laboratories, Fairless Steel Plant, and Atlantic City Electric, are in the final planning as we go to press and we are quite sure of winning the annual Lowell-Agassiz basketball game.

We feel that we have had a very profitable year which has been beneficial to the entire student body as well as to the club members.

The Wesley Club

The nine members of the Wesley Club which is named after John Wesley, the founder of Methodism, meet every Wednesday in the music room.

The purpose of the club is two-fold, and it has many projects underway to accomplish each of its goals. First, as Christians, they must help to make others aware of God. To attain this they have taken part in the Sunday Chapel Services. Secondly, the club has made the public on the outside become more aware of the school by sending groups into the community.

Some of their activities have been visiting churches such as Trinity Cathedral in Trenton, and taking a trip to New York to hear some of the outstanding preachers of our time. The club will also see the displays at the Metropolitan Art Museum.

The Wesley Club, under the able leadership of our Headmaster, Dr. Pimm, was one of the most active organizations in the school. The officers of the club are Walter Cottrell, President: Ronald Howell, Chaplain; and Robert Price, Secretary. There is no doubt that next year the club will be even more active. We give a 'big hand' to these boys for their broad and practical view on a very important part of our life.

Day Students

This year the Day Student Body of The Pennington School is composed of forty-six boys. While many of the boys live in Pennington, New Jersey, other near-by towns including Trenton are well-represented. These boys are in the Seventh and Eighth Grades in the Lower School and Freshmen, Sophomores, Juniors, Seniors and Post-Graduates in the Upper School.

Organized athletics such as football, basketball, baseball, and soccer contain a representation of day students. The pool is also a popular gathering place after classes for the enjoyment of these boys.

Day students are given the perogative of participating in the numerous activities and extra-curricular events conducted at the school, such as the planned recreational programs and dances. Many of the day students join the boarding students in eating luncheon in the dining room, however, some prefer the canteen to which they have access.

The boys of the Day Student Body are proud of the keen interest displayed by their mothers in the recently formed Mother's Club. All of the boys now enjoy a re-decorated and equipped recreation room which was one of the projects undertaken this year by the club. The nearness of the day students' mothers helped this project materialize much sooner.

Glee Club and Sextet

Under the direction of Dr. Rarich, the Glee Club is one of the most active organizations in the school. Approximately one-third of the boarding students participate in the singing. Club officers are: Conrad Youngbluit, President; Jim Teamer, Vice President; Burton Longwell, Librarian; Lyman O'Neill, Secretary; and Richard Harden, Assistant Librarian. The highlights of the year are our Christmas Carol Service with hundreds of candles lighting the Shaw Memorial Chapel, and the Mid-Year Musical which all the students enjoy. This year the boys sang popular as well as 'heavier' music. One of the best events of the year was the Spring Musical just before graduation. As in the past, the Glee Club has performed a useful service for the school.

This year a new singing group, the sextet, was added to the program. The tenors, Jim Teamer and Dario Quiros; baritones, Burton Longwell and Robert Parr; and bases, Andrew Guthrie and Fred Davis blended together quite well. They performed not only for the school, but for many other organizations in New Jersey. Their repertoire was vast, and they had the right numbers to suit the occasion. Our hats off to the six and Dr. Rarich for the entertainment that they furnished the school.

Choir and Quartet

L. to R.: Mr. Rarich, R. Parr, D. Quiros, F. Davis, J. Teamer.

A bigger and better group of singers made up our choir this year. Under the direction of Mr. Rarich, the boys worked very diligently. Their hardest job was to prepare the nucleous of the Vester Service every Sunday. After doing a commendable job, they undertook outside singing engagements, one of these being at Mr. Kersey's church. The highlights of the Choir programs were the Christmas Carol Service and the Lenten Program. Mr. Rarich and the boys deserve a big hand for the work and time spent during the year.

A new quartet started this year. Those chosen were James Teamer, 1st tenor; Dario Quiros, 2nd tenor; Robert Parr, baritone; and Frederick Davis, bass. Their first performances were the Christmas Candlelight Service and the Mid-Year Musical. Mr. Rarich directed the 'four' and they achieved well-balanced singing that made them so popular. This was truly a fine group of singers.

Foreign Students

Yearly, a great many foreign students come to our Pennington School. Here we meet with new knowledge as well as new social life. Although our hearts remain at "Home, sweet home," we feel quite at home here. With great exertion, we learn the American ways, ideas and English. Of all the subjects we have, English is our most difficult, because we have to translate nearly everything into our native tongue first. With the help of Special English, we conquer most of the difficulty. This year we have boys from: Cuba, Venezuela, Aruba, Colombia, Greece, Puerto Rico, and the Dominican Republic. On Feb. 5th, the Pennington School had the honor to present one of our foreign student's sister to give a piano concert to the student body. Miss Mirna Ruiz received a standing ovation from the boys, who had enjoyed her impressive concert. We will never forget what the school has done for us and the new friends we made here.

Waiters and Kitchen Staff

One of the most important functions performed here at school is that of the kitchen staff. It is their job to cook and supply appetizing meals all year long. There have been many favorable comments about the food this year and it is generally agreed that it was an improvement over last year.

The credit for this must go to Mrs. Kersey, our able dietitian. Several new dishes were added to the menu and were well liked. Louis, our dependable first chef was ably assisted this year by a new second chef who made a big difference in our pastries and other desserts. We would like to compliment Louis on his very fine soup which has been a highlight of the meals here for some time.

The waiters must come in for their share of credit too. Fast service, with a smile, was their watchword, and each meal was brightened by their sunny dispositions. Credit for the fast service may be attributed to the work of the boys who bring the food from the kitchen, as well as to the waiters. They all did a fine job this year and we would like to thank them sincerely for their service. As extra activities, there were the banquets that were handled quite well by the staff under the direction of Mr. Kersey. It's "hats off" from the class of '55 to a fine group of people who served us well.

The Penseman

In early October our adviser, Mr. Taber, called for a meeting of those interested in participating on the Penseman Staff this year. I would like to say before going further that Mr. Taber deserves much credit for the proofreading he did. I was appointed Editor-in-Chief of the annual with Lyman O'Neill and Will Richardson as assistant editors. As the time went on the editors of the different departments worked on the layout of the book. Lyman O'Neill suggested a theme "On Stage" for the annual and the rest of our opinions were superb. After our theme and layout had been worked together, we decided upon the dead-lines for copy and photographs. At this point I think it fitting to commend Burton Longwell and his associates for their long and hard work on writeups throughout the production.

To our Art Editor goes much credit indeed. Connie Youngbluit certainly did a magnificent job in his art work.

I believe the only hard part of the producing of the 1955 Penseman was securing the gravely needed advertisements. In this area, we seemed to be able to interest no one. Finally in February, after the first shipment of multiples had been sent to Minnesota, we were able to get our financial situation moving. Along with the help of other members of the staff we were able to give Mr. Cressman (our Business Advisor) a worthy list of ads.

Lastly, I would like to thank John Van Cleve for his excellent photographic work, also, all the staff workers and other persons who have made this 1955 Penseman the success that it is.

The boys in Red found Blair a tough nut to crack when playing on their home pasture at Blairstown.

PENNINGTON 33, HACKLEY SCHOOL 13

The Red Men showed their greatest offensive drive against Hackley School when they rolled over them to the tune of 33 to 13. Tom Blair had himself a field day, scoring three touchdowns. McCarraher and John Gallagher also scored, Gallagher's coming on an intercepted pass.

PENNINGTON 14, STORM KING 19

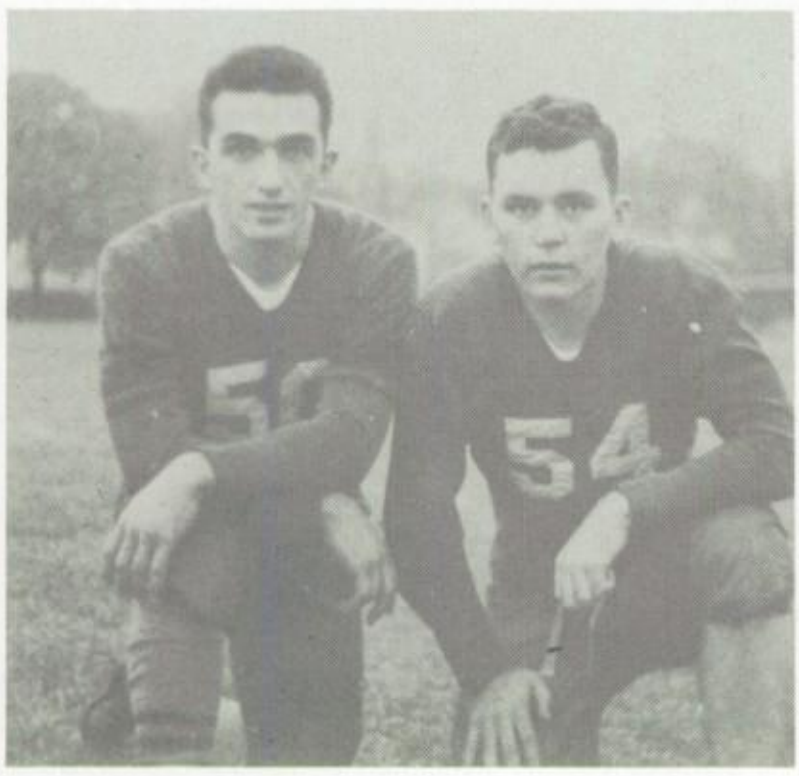
Pennington's greatest heartbreak came at the hands of the team from Cornwall-on-Hudson. Trailing 12-7, with a minute and thirty seconds to go, Blair tossed a 25 yard pass to Nikles in the end zone. Blair bucked over the conversion, and the Red Raiders led 14 to 12. But heart-break was in the offing. On the second play from scrimmage Storm King completed an 82 yard pass play for the final touchdown and victory.

PENNINGTON 14, PRINCETON FRESHMAN "B" TEAM 28

In a game played under the lights in Princeton, the Red Raiders gained the honor of being the first team to score on the then undefeated Tigers.

PENNINGTON 14, ADMIRAL FARRAGUT 0

The Home Coming Day crowd of 700 saw Sam Rovello and Blair hit pay-dirt for Pennington's two tallies, Blair's on a 20 yard romp off tackle. A stubborn Pennington line held Farragut scoreless.



PENNINGTON 32, EASTERN MILITARY 0

The Red Raiders rapped up the season in a blaze of glory. Blair ground out 15, 47 and 70 yard runs to the "Promised Land", and tossed to Nikles for a fourth. Tommy Bishop also slid over for a score. The Pennington defense turned out a great game in picking up its second shut-out of the year.

Dear Dave,
Lots of Luck in the future you a great guy and I know you will succeed — Lots of Luck "Stosh"

Ever since soccer was started at Pennington as a varsity sport back in 1931, the success of the team has been measured more in enthusiasm and participation than in number of games won. This year was no exception. The team gave many boys their first chance to play soccer, and in that respect it was a success. The record of the Pennington booters for the 1954 season was a poor 0 wins and 6 losses. The first game was played on October 1, away, against the old arch rivals, Central High School. The local kids, who were well coached and well organized, whipped us 4 to 0. Mr. Don Pugliese, commuting from Trenton every day, was handling our coaching in fine style until he changed his job and had to resign as coach. He was replaced by an able young man from Trenton State Teachers College, Charles "Champ" Harcar. The Red Raiders, many of whom had never played soccer until this year, were continuing to improve. The next game was another tough contest against Blair Academy at Blairstown. We came out on the short end of a 7 to 1 score. Gordon Stanley, our second year center half-back scored our first goal on a scrimmage in front of the Blair goal. Our next game was on the 15th of October against Pennington Central at home. It was called off because of hurricane Hazel, and re-scheduled for October 27. The next day, Saturday, October 16, we journeyed to Bordentown to play B.M.I. We went out in front midway in the first period on a long boot by Stanley, but B.M.I. came back with one in the third period and then, with a few minutes left in the game, they scored again to win 2 to 1. We played unbeaten and unscored-upon Trenton High next, but were no match for them. The final score was 3 to 0. On October 27 the Central High game was called again because of rain. On November 1 the game with Perkiomen was cancelled because of snow and wet grounds. On November 3 the Pennington High game was played. It was a very closely fought game and the only goal was scored on a penalty kick by Pennington High's inside right. On November 10th we played against the State Prep School champs at Lawrenceville and were out played 6 to 0.

This year there were only two returning lettermen on the squad, Mark Cohen, who played well on defense and the forward line, and Gordon Stanley who was a stalwart at center half-back, plus getting our two goals. Stanley also captured second team honors in the 1954 All Regent Team. Art Smith had never played soccer before, but after a few days he was quite at home in the twines and, at the end of the season, made an honorable mention berth on the All Regent Team. Rafael Pina, our aggressive little center forward also gained honorable mention. We wish the best of luck to the 1955 soccer team and all the soccer teams to come.

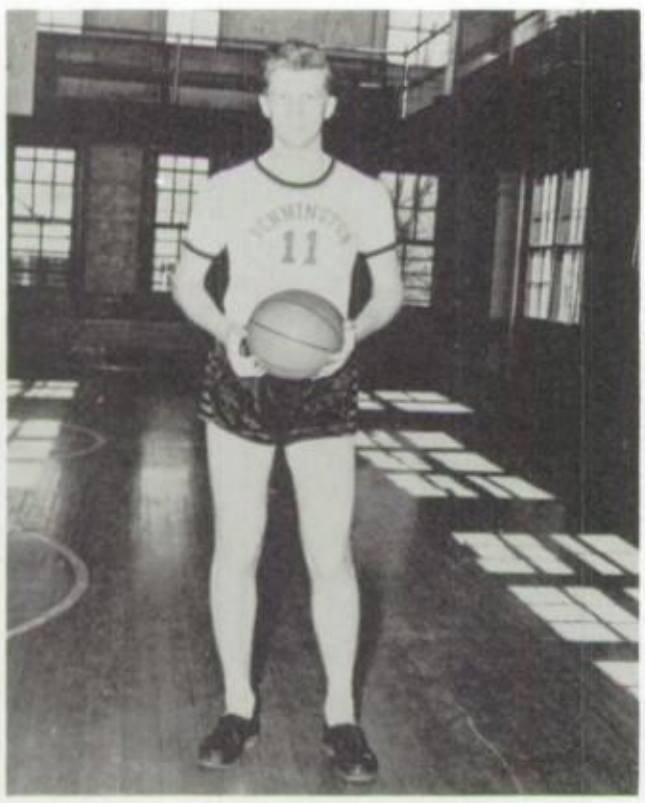
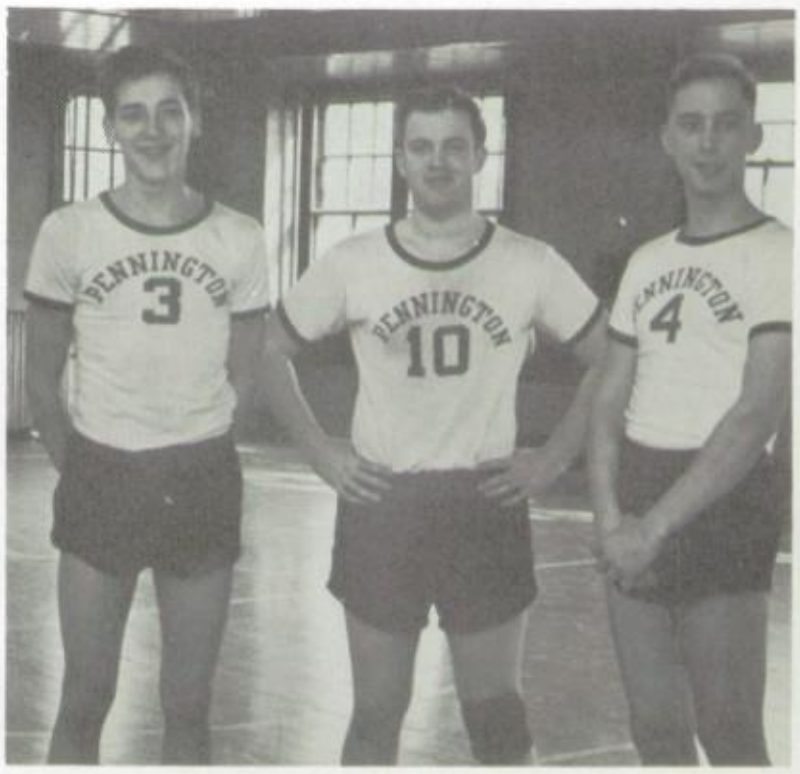
Varsity Basketball





Varsity Basketball

The Red Raiders opened the season by losing a hard fought game to a tall New Brunswick quintet 57-43. It was New Brunswick's 7th game of the year opposed to our first. The Raiders snapped back with an impressive win over a distinguished Alumni five. Among the returning greats were "Torpedo" Hogan, Tom Todd, and Don Pugliese. Behind 34-25 at the half, the varsity rallied and came on to win 69-65.

The next game was the first of many heartbreaks. We traveled to St. Benedicts only to lose 55-51 despite 36 points tossed in by the 6'-5" center, Bob Edwards. Against Lawrenceville, on their home court, the team never got to working smoothly and lost 55-45. The Pennington passers snapped back to the winning side of the ledger by staving off a late B.M.I. rally and winning 58-48. High scoring Edwards again led the way with 33 points. The game with Peddie proved to be another one of those games where everything goes wrong. The final score was 59-43.

The next two games proved to be the most exciting the Red Raiders played this year. The first of the two games was played at Perkiomen. It was a hard-fought affair with Coach's charges coming out on the short end of a 66-65 score. The boys returned home to play a highly favored Admiral Farragut squad. The experts were proved wrong as the home forces played their best game of the year, winning 59-58.

The Red Men hit the road again, travelling to Croyden Hall. Our squad jumped to a 32-14 half-time and coasted home with an easy 65-39 victory. The team then returned home to play B.M.I. again, and the game proved to be a well-merited team triumph. Three men; Bob Edwards, Jack Kesting, and Bob Poore hit double figures. The final score was 65-45. The Raiders journeyed to play a revengeful Farragut five for the next game. The strange court and the inability to get rolling proved too much, and the final score was 72-47 with Pennington on the short end. Again on the road, the Red and Black net men snapped back after trailing by six points at the half to beat Valley Forge by the score of 70-51. Bob Edwards, held to nine points in the first half, got hot and finished the game with 39 points to lead the team to an impressive victory. Jack McMarraher and Frank Nikles also did an excellent job of pressing the Valley Forge guards, and setting up many crucial points.

Before a Parent's Day crowd, the home charges rolled up 45 points in the first quarter, and coasted to a 79-50 victory over Croyden Hall. The next game proved to be the biggest heartbreaker of the season. Trailing Blair Academy 40-18 at the end of the half, the Red Raiders put on a terrific rally only to lose 66-63.

In the last game of the regular season, Pennington played host to a greatly improved St. Benedicts team, and lost 67-53.

In the Headmaster's Tournament, the Red Men Played some of the best ball of the season, only to lose to a strong Rutger's Prep five 79-77. Bob Edwards led the scoring with 46 points. Edwards was also selected to the first team of the All-County High, Prep Team with a mark of 26.7 points per game average.

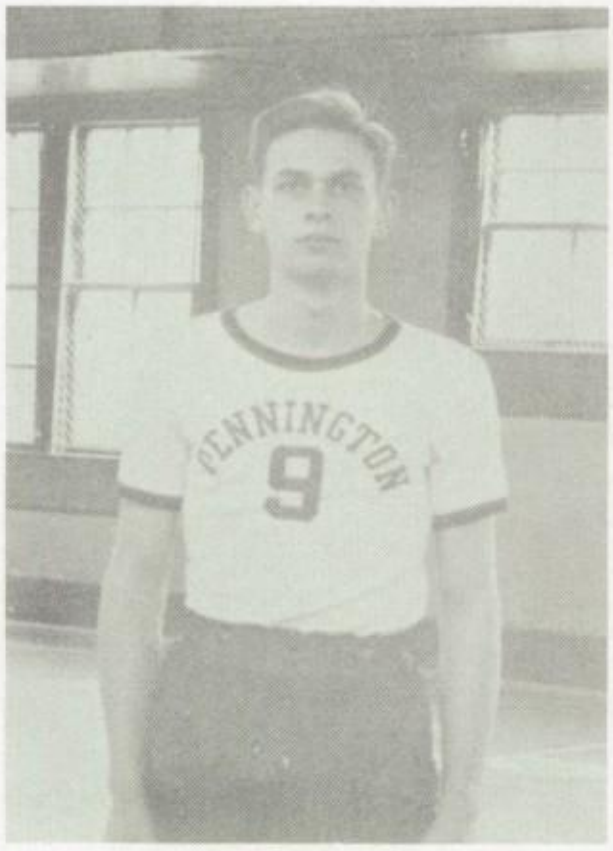
The team's 7-8 record, although not the most creditable, was not bad considering the lack of good outside shooters, and the inexperience of many of the boys. Hats off to Coach Poore for turning out one of Pennington's scrapiest clubs, no matter what the odds, they never gave up.

FRESHMEN BASKETBALL: First row, l. to r: B. Witt, D. Qurios, C. Sahner, P. Iglesias, G. Porchelli. Second row: Mr. H. Cragin, B. Goodspeed, G. Groff, G. DeMunnik, M. Bilt, B. Prichard, R. W. Deems manager.

J.V. Basketball

This year the, "little Red Raiders" opened the season with a 46-20 loss to New Brunswick. After this defeat the J.V.'s bounced back to defeat a team from the town 49-37. The next game was against a hard fighting crew of football players from Haverford College. The "little Red Raiders" dropped this one 58-56 after going into overtime. Still on the losing end they traveled to Lawrenceville to take a 54-31 defeat. After these two defeats they started to click and beat B.M.I. 42-31. Their next contest was at Peddie where they had hard luck and lost 42-34. At this point in the season, George Porchelli and Bob Goodspeed, who had been sharing top scoring honors, moved up to the varsity squad.

The loss of two top players did not seem to handicap the J.V.'s, though, and they handed Admiral Farragut a 50-45 defeat on the home court. For the second contest with the town team, aided by a "54" graduate, the J.V.'s didn't come out on top. The Townies defeated the Raiders 49-40. The J.V.'s then had a two game winning streak, winning over B.M.I. 47-32 and Farragut 51-39. The B.M.I. game was described by Coach Cragin as the best one of the season. To end the season as it was begun, Coach Cragin's boys dropped the last game to V.F.M.A. 50-38. After the loss of Porchelli and Goodspeed, Gary De Munik held the scoring honors, and, along with Curt Sahner, sharred outstanding playing ability. The season ended with a record of 5 wins to 6 losses. Pennington shared fine sportsmanship and good playing throughout the season, and by next year, members of the team should appear in the varsity lineup.



First row, l. to r: B. Witt, D. Qurios, C. Sahner, P. Iglesias, G. Porchelli. Second row: Mr. H. Cragin, R. Goodspeed, G. Groff, G. DeMunnik, M. Bilt, R. Prichard, R. W. Deems manager.

Freshman Basketball

Under the direction of Coach Poore, Pennington turned out a freshman basketball team for the first time since 1946. The team played two games. In the first, they beat the Lambertville freshmen 42-20. In the second, they journeyed to Lambertville to play the Lambertville junior varsity. Although playing against boys many years their senior, they made a fine showing although winding up losing 55-34. Paxton Wilder led the scorers with 29 points for the two games.

Farewell

When the "goodbyes" are over and we of the Senior Class of 1955 walk between the pillars of the driveway for the last time, Pennington will become a memory instead of an experience; completing another chapter in the book of life. Our friends will go to far corners of America to prepare for college or a career. There is more then the classroom side of the picture to remember. The atmosphere of the school and the daily life plays a large part to make Pennington's product-"Only the Excellent".

Every boy has learned, strived, and bettered himself in our "L" shaped building. Starting with the classrooms on the first, second, and third floor, our teachers have guided us to make the most of our abilities. Through this guidance, they have given us the knowledge to make a success in the world. Our beautiful chapel with its stained glass windows tells the secrets of our religious training and beliefs. The boys of the student body, be they Protestant, Catholic, or Jew have discovered the importance of God in our daily life. The dormitories on the fourth floor and the three floors of the new section making up the vertical part of the "L" are our homes. There we studied, had fun, and slept. I'm sure that we can't forget the hall masters, the rivalries, and the incidents that occurred within those sections. The library, the sun parlor, and the "rec" room represent to us a major part of every day life. We also remember the three other buildings, the laundry, the infirmary, and the gymnasium.

As I look back on Pennington, it represents a place where all of the Senior Class left something intangible that the school absorbed. To her we say "Farewell and Thanks."
